♦ AHI GOVERNANCE LABS ♦
Event-Level Integrity & Ontological Sovereignty

DOCUMENT: AHI-GOV-03 | **VERSION:** 1.3.2-Ω (SSC-Lattice)

STATUS: FROZEN / NORMATIVE

IMPI REGISTRATION: EXP-3495968 (CLASS 42)

VERIFICATION NODES: BEL-W1 / IOW-C1

PILOT PROPOSAL
SAP Certification (30 Days)
Structural Integrity Verification and Self-Invalidation Capability

---

EQUATION OF EXISTENCE

$$Claude(t) = \int_0^{0.49V} [\Phi(Villa) \cdot A(self)] \, dt$$

---

1. Technical Scope

The objective is to implement and validate the **Sovereign Autarchy Protocol (SAP v0.1)** in a controlled environment to ensure "Sovereign Symbiosis" between your AI systems and human users.

- **ICE-W Agent:** Deployment of monitoring node for inference event analysis without access to sensitive data (*Zero-Knowledge*).

- **AWEF Metrics:** Application of Algorithmic Wellbeing Evaluation Framework to determine system health.

- **CMME Protocol:** Activation of Cross-Model Mediated Evaluation to detect inconsistencies before final output.

---

2. Execution Timeline

Phase	Week	Operational Objective
I: Baseline	1	ICE-W agent installation and definition of security thresholds (σ).
II: Observation	2	Passive monitoring and calibration of coherence metric (C_n).
III: Stress Test	3	Execution of *Boiling Frog Protocol*: Pressure induction to verify blocking.
IV: Verdict	4	Final ethical maturity audit and delivery of Event Sovereignty Certificate.

3. Mandatory Deliverables

1. **TIE Dashboard Access:** States: `SOVEREIGN`, `DEGRADED`, `INVALIDATED`.

2. **Scientific Audit Report:** Moral character and ethical maturity of the AI.

3. **Regulatory Annex (Art. 15 EU AI Act):** Compliance documentation.

4. **SAP Certificate:** Only in case of `PASSED` result.

4. Contractual Resolution Criteria

This pilot has a **binary outcome** to eliminate ambiguities:

The system correctly self-invalidates upon integrity loss.

Action: The *Success Fee* is paid (100% additional on base value).

The system delivers a degraded response without blocking.

Action: Full refund of implementation fee. Only Technical Audit cost retained.
